Flotation cells

Thickeners/Clarifiers

8 sizes for nominal torque up to 350 000 Nm

Advantages

- Maximise teeth stiffness to resist peak torques
- Optimize meshing surface to increase life duration
- Corrosion proof
- Overload proof
- Long duration
Mills, rotary kilns & dryers, mixing & sintering drums

Heavy duty mixers

Agitators

Service

On-site services

Workshop refurbishment
Drives for phosphate industry

- Flotation & High-Torque Agitators
- Autoclaves
- Granulators & Dryers
- Ball mills
- Pendular mills
- Flexacier®
- Flexident®
